SKILLS

html • css • javascript • React.js • Next.js • Express.js • JSON •
Application Programming Interfaces (API) • Retool • PostgreSQL • Git

EXPERIENCE

Encore, AI For Music, Remote – *Jr. Software Engineer Intern*

January 2024 – present

- Working with a dynamic team on the development of a music app powered by AI, utilizing Next.js, React, TypeScript, and Tailwind CSS.
- Applied proficiency in reading and implementing designs from Figma files, ensuring accurate translation of UI/UX specifications into functional components.
- Applied creative ideas to make a lasting impact on the future of music technology.

Bluejestic, Remote – *Frontend Developer Intern*

October 2023 – January 2024

- Collaborate with the development team to integrate APIs, ensuring seamless communication between the frontend and backend systems
- Utilize Next.js and React to create responsive and visually appealing web interfaces, adhering to industry best practices and accessibility standards
- Research, test, and implement various client feature requests for internal content management systems and delivery applications.

Catchafire, Remote – *Frontend Developer Volunteer*

May 2023 – October 2023

- Collaborate with the project manager to understand project objectives and user requirements.
- Translate design mockups or wireframes into responsive and interactive web interfaces.
- Collaborate with other volunteers, participate in team meetings, and provide valuable input.

Codeart, Macedonia – *Jr. Frontend Developer*

September 2021 – June 2022

- Implemented websites and landing pages from concept through deployment.
- Assessed UX and UI designs for technical feasibility.
- Collaborated with product team members to implement new feature developments.
