EXPERIENCE

Encore, AI For Music Artists — *Jr. Software Engineer*
Remote — January 2024 - Present

- Spearheaded the development of AI-powered music applications using Next.js, React, TypeScript, and Tailwind CSS.
- Integrated responsive Figma designs, translating them into high-performance, user-centric features.
- **Led special projects** for the Coke Studio Festival Video landing page and NFL Draft (Verizon), delivering high-quality admin page functionality that supported enhanced user experience and management efficiency.
- Collaborated cross-functionally to deliver seamless product functionality and innovative features, driving advancements in AI music technology.

Bluejestic — *Frontend Developer Intern*
Remote — October 2023 - January 2024

- Designed and developed responsive web interfaces using React and Next.js, focusing on accessibility and performance optimization.
- Enhanced frontend-backend communication by integrating efficient API connections, contributing to the successful delivery of client projects.
- Completed the internship with a strong impact, despite company hiring pauses due to funding constraints.

Catchafire — *Frontend Developer Volunteer*
Remote — May 2023 - October 2023

- Implemented design mockups into interactive, responsive web interfaces using React and Tailwind CSS, contributing to various non-profit projects.
- Collaborated with project managers to meet key milestones, ensuring alignment with technical feasibility and project goals.

Codeart, Macedonia — *Jr. Frontend Developer*
September 2021 - June 2022

- Built and deployed pixel-perfect websites and landing pages using HTML, CSS, and SASS, delivering optimized solutions that enhanced client branding and engagement.
- Improved technical feasibility assessments for product teams, reducing development delays and improving the delivery of responsive, high-quality user interfaces.

EDUCATION

St. Clement Of Ohrid University, Macedonia — *Bachelor's Degree in Criminal Law*
September 2009 - May 2013

General Assembly — *Software Engineering Immersive*
Remote — January 2023 - April 2023

CERTIFICATIONS

- **Software Engineer** — General Assembly
- **The Complete JavaScript Course 2023** — Udemy
- **Advanced CSS and Sass** — Udemy
- **Learn CSS Course** — Codecademy
- **Build a Website with HTML, CSS, and Github Pages Skill Path** — Codecademy
